Tucson Arizona 85701

DOCKETED BY

ARIZONA CORP. COMM  
400 W CONGRESS STE 218 TUCSON AZ 85701

DEC 13 2010

RECEIVED

Ladies and Gentlemen:

Thomas and Diane Brandon have been unable to retain legal counsel because there is no information available about the charges made by the Arizona Corporate Commission in the above docket. We are therefore requesting a continuance of this docket matter.

Since the charges in the above case and docket are false and misleading, no attorney has to be able to determine the merits of the case. My previous Atty. Mr. Natman Schaye is unable to further represent me due to restrictions in his new employment position. Mr. Schaye represented me in my first appearance before the Arizona Corp. commission in this matter. He has advised me that I should seek alternative counsel. I'm interviewing alternative council this coming week however even if he agrees to take my case I do not have the necessary information to provide him. Due to the shortest of time remaining between now and the hearing date on December 16, 2010, we will need the additional time to prepare for the hearing.

We have and herein are requesting all of the information, testimony, records, documents, emails, deposition transcripts, legal research in the commission files about this case, any commission personnel notes written during any occurrence in this case, and any and all records of verbal or telephone testimony received by the commission in this case, and anything in this case not mentioned herein. Defendants have not received a single document to date and will need to prepare for the hearing with complete information on file for a complete defense. We received the notice of a hearing in the above case scheduled for December 16, 2010 and could not prepare for that date without the documents requested.

We hereby request a 30 to 60 day continuance to the docket to reschedule this hearing.

If you have questions or comments do not hesitate to contact me at 520-906-0014

Best Regards,

Thomas L. Brandon
